DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on July 18, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of copending Application No. 10/723,840 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1-27 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-15 and 22-27 is the inclusion of the limitation of the proximal end portions of the first and second slot structures being substantially parallel to one another, and the distal end portions of the first and second slot structures diverging from one another. It is this limitation found in each of the claims, as it is claimed in the combinations, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 16-21 is the Applicant filed the proper Terminal Disclaimer to overcome the rejections.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
